MEDICINAL.

Caused by overwork? No, caused by undernourishment. Work rarely causes collapse. It is worry—the outcome of a low condition of the nervous system and inadequate nutrition which generally causes collapse. The collapse seems sudden, but in reality it is a slow process. The stomach and organs of digestion and nutrition are diseased, the nourishment in the food eaten is only partially extracted and imperfectly assimilated. The blood becomes impure; the very fount of life is poisoned, and some day all the faculties and functions go on a strike. That's collapse. Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition, purifies the blood and builds up the weak body with sound healthy flesh.

"I was cured of a very bad case of indigestion, associated with torpid liver, by the use of Dr. Pierce's Golden Medical Discovery, writes Mr. G. B. Bird, of Byrnside, Putnam Co., W. Va. "Before I began the use of 'Golden Medical Discovery,' I had no appetite; could not sleep, nor work but very little, bowels constipated, and life was a misery to me. After taking four bottles I felt so well that I went to work, but soon got worse, so I used it about eight weeks longer, when I was permanently cured."

The matter came up for adjustment before the Campbell County Court this week, and after hearing ar gument in the case Judge Adams de cided for assessment to deduct from the capital stock the value of the company's real estate as assessed by the commissioner of revenue. The combe exceedingly small as compared with the commissioner's figure. An appeal will probably be taken by the Com-monwealth.

A Testimonial From Old England. "I consider Chamberlain's Cough semedy the best in the world for bronchitis," says Mr. William Savory, of chitis," says Mr. William Savory, of Warrington, England. It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." It is a great pleasure to the manufacturers of Chamberlsin's Cough Remedy to publish testimonials of this character. They show that great good is being done, pain and suffering relieved and valuable lives restored to health and happiness by this remedy. It is for sale by Richard Gibson, druggist.

Avoid all drying inhalants and use that which cleaness and heals the membrane. Ely's Cream Balm is such a remedy and cures Catarrh easily and plessantly. Cold in the head vanishes quickly. Price 50 cents at druggists or by mail.

Catarrh caused difficulty in sreaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Davidson, Attorney at Law, Monmouth, Ill.

Mesers, Corby Bros., Washington, D. C. Gentlemen:—In accordance with your instructions to examine and report upon the bread produced at your bakery, and the processes employed in its menufacture, I have the honor to report that I visited your bakery at Brightwood avenue and spant the the honor to report that I visited your bakery at Brightwood avenue and spent the major pertion of three days there, carefully examining and testing the flours, years and doughs and critically examining the baked bread. I have no hesitation in claring that the substances used for the bread are entirely pure and of the finest quality; and the processes by which the doughs are prepared are absolutely the most perfect in the world. This arises from the use of the special machinery of which you are the inventors and proprietors, which by making dough insures a baked loaf of iteal texture and grain, readily multing on the tongue, and free from that and acidity. Some bread was sent to the Institute for analysis which was made by Prof.

G. L. Teller, who has charge of the chemical division and who reports the following CHEMICAL ANALYSIS OF BREAD. For Corby Bros., Washington, D. C. Calculated to Dry Matter

From a consideration of the above facts I conclude that the bread is the more readily digested by cause of its accessibility, to the digestive juices. The flavor is also increased by retarding the souring agents of fermentation by the very full oxygenation to which the dough is suljected. As the moisture was determined four days after the breed was baked, it proved the bread retains its moisture for a much longer period than is usual Respectfully yours.

Bespectfully yours.
